

**1**  
Make your way to the venue and let Reception know you have arrived

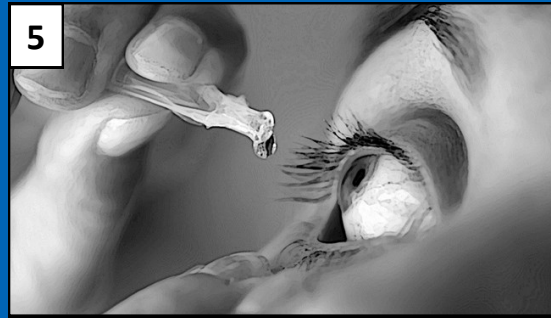

**2**  
Read carefully and sign the consent form, if you have any questions ask your Screener

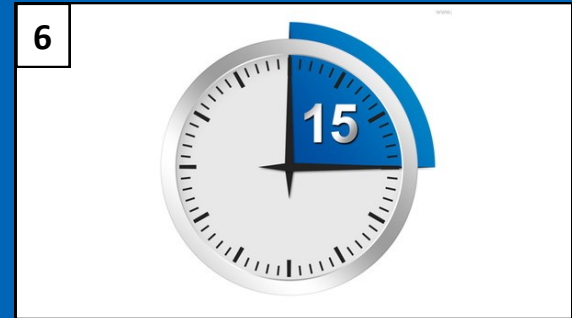

**3**  
The Screener will come and collect you for your appointment

**4**  
The Screener will ask you to read an eye chart

**5**  
The Screener will apply some Tropicamide eye drops to dilate your eye

**6**  
Return to the waiting room to let the drops dilate your eyes

**7**  
After 15-20 minutes, the Screener will take a photograph of the back of your eye (retina)

**8**  
The drops make your eyes sensitive, so bring sunglasses and don't drive for up to 4 hours

**9**  
You will receive your result letter within a few weeks of your appointment
